BANJO-KAZOOIE™

Meet the newest Dynamic Duo, Banjo-Kazooie! Trouble is brewing on Spiral Mountain! Gruntilda the witch, wildly jealous of Tooty the Honey Bear's good looks, is determined to steal them for herself! But even as she whisks the helpless youngster off to her tower, Tooty's big brother Banjo and his loud-mouthed partner Kazooie are hot on the trail to rescue her...

Aided by the mystical shaman Munbo Jumbo, Banjo and Kazooie must tackle gloomy swamps, scorching deserts, towering mountain ranges and spooky haunted houses on their way to the final confrontation at the summit of Gruntilda's Lair!

- Incredible 3D environment defined by state-of-the-art graphics!
- Nine huge worlds brimming with variety and excitement!
- Bear and Breegull teamwork opens up a whole new range of special moves!
- Save your game directly onto the cartridge for future play!
- Immerse yourself in the action with Nintendo's Rumble Pak (sold separately)!
